Appointments

Making Appointments

When you book an appointment we can send you a text message confirming the appointment date, time and person you are seeing if we have your mobile number. We will also send out a reminder the day before your appointment. Please ensure we have your up-to-date mobile number in order to keep this service running smoothly.

Cancelling Appointments

If you need to cancel your appointment please phone the surgery as soon as possible so that your appointment can be offered to someone else. You can also cancel by emailing us securely at **email@medicayr.com** with your name, date of birth and appointment time.

Running Late?

If you are on your way but running late for your scheduled appointment please phone to let us know. We may be able to rearrange the appointment so you are still seen. It may be necessary, however, to reschedule your appointment for another day depending on the situation that day.

Right Person, Right Time

Some things take longer than others and our team have different skills. It helps us direct you to the most appropriate person for your needs and the appropriate length of time if you can give us an indication as to why you are attending.

Medication Reviews

If you are on regular medication you will be asked to arrange a medication review from time to time. You will normally be given at least four weeks' notice when you are due a medication review. These are carried out over the telephone by our In House Pharmacist, Martina Lees, and are necessary to ensure your medicines are working effectively for your condition and that we are adhering to safe prescribing practices. Please arrange to have this done in good time so you don't run out.

Pharmacy First

Your local pharmacy can provide a number of services you may not be aware of, from smoking cessation clinics to minor ailments treatments.

New to the services they provide is antibiotic prescribing for UTI (urinary tract infection) and Impetigo (skin infection). If you have think you have either of these conditions requiring an antibiotic you should visit your local Pharmacy First.

Minor Ailments Service

If you are in full-time education, aged 60 or over, hold a medical exemption certificate or you are on certain benefits, you can get free of charge treatment from your local pharmacy for a number of minor ailments.

Treatments on offer include those for diarrhoea, constipation, coughs and colds, thrush, indigestion, allergies, head lice, warts and verrucae and many others.

If you require advice or treatment on any of these, please contact your local pharmacy. You do not need an appointment and they can see you at weekends too.
